WORK EXPERIENCES

EDUCATIONAL VIDEO PRODUCER | KU LEUVEN, BUSINESS FACULTY

December 2025 - ongoing | Leuven, Belgium

- Produced and edited educational videos on EU research topics, improving clarity and viewer comprehension.
- Created storyboards, scripts and motion graphics to communicate complex concepts simply.
- Helped researchers translate academic insights into accessible multimedia content.

E-COMMERCE ANALYST | PATIO FASHION

March 2025 - September 2025 | Leuven, Belgium

- Improved Odoo platform's layout and performance across frontend and backend.
- Troubleshoot issues with website functionality and third-party integrations.
- Ensured accurate product and inventory uploads weekly to support sales analysis.
- Verified data consistency in the Cegid to Odoo migration, reducing inventory errors.

SOCIAL MEDIA ASSISTANT | LITVERS PODCAST

May 2024 - December 2024 | Berlin, Germany

- Managed outreach and communication with guest authors and maintained an updated media contact list.
- Tracked viewership and media exposure on YouTube, Spotify, and Instagram.
- Supported editing and management of digital content for multiple social platforms.

PROJECT-BASED EXPERIENCES

MARKET DATA SPECIALIST | MATERIALISE

January 2026 - April 2026 | Leuven, Belgium

- Built Power BI dashboards that integrate multiple data sources, adopted by 80+ team members for daily sales and usage insights.
- Identified upselling and renewal opportunities through data modeling, supporting product sales and account strategy.
- Created KPI frameworks to monitor customer behavior and product performance.

DIGITAL MARKETING SPECIALIST | MATERIALISE

September 2025 | Leuven, Belgium

- Designed and launched an accessible SharePoint training page used by 100+ application engineers across the global organization.
- Streamlined documents, slides, and videos into a user-friendly structure to improve training efficiency.
- Produced and edited training videos to enhance clarity and knowledge retention.

WEB CONTENT SPECIALIST | KU LEUVEN LIBRARIES (ARTES)

January 2025 - June 2025 | Leuven, Belgium

- Created training resources for the DH@RTS platform, focusing on data cleaning.
- Updated/reorganized website content to improve structure and usability.
- Enhanced user experience for training, research and community pages through targeted content revisions.
